

October 2011

Dear Colleague,

We invite you to make a commitment to your future while you avail yourself of special member services through the Maine Funeral Directors Association (MFDA).

The Maine Funeral Directors Association (MFDA) is the oldest and largest funeral service professional association in the state. Founded in 1925, the association remains focused on several goals, but its primary goal is that of fulfilling the needs of its members.

As a member of the Maine Funeral Directors Association, you quickly learn that the association stands ready to assist you in this constantly changing profession. Membership in the association puts you in touch with some of the most creative thinking in funeral service -- through personal contacts, group meetings and the printed and electronic word. Specifically designed to aid funeral service practitioners in their day-to-day operations, as well as contributing to their long-term professional development and success are but two of the association's goals. As an MFDA member, you will receive "MFDA Today," the association's monthly trade publication; time-sensitive informational bulletins and alerts, regulatory compliance updates, legislative representation, legal counsel, educational resources/seminars/workshops, disaster management services, and discounts on selected services and items. Additionally, the association hosts a state convention, serves as an information center, provides an avenue to exchange ideas adapted to your profession, sponsors community activities, and hosts an up-to-date website for the benefit of its members, as well as the public. Finally, practitioner involvement and professional friendships are but two of the real perks resulting from MFDA membership.

The MFDA Executive Officers, Board of Directors and staff continually strive to make the association an informative, effective and progressive organization representing its members and funeral service. That said, we encourage you to make the future work for you today by signing up today for membership in the Maine Funeral Directors Association. Today's membership benefits may help you shape your professional future.

For your consideration, we have included a membership application, as well as a generic dues statement. Should you need assistance in completing the membership application or have any questions regarding the membership process, please do not hesitate to contact the office at 207-729-9100.

Join us! You'll be glad you did, promise!

Sincerely,

Stephen H. Clay
